

# Anti-aging Program

The Anti-aging Program comprises the combination of AMELANIA<sup>®</sup> ANTI-AGING by Krulig and STAR PEEL<sup>®</sup> ANTI-AGING by Krulig.

STAR PEEL<sup>®</sup> ANTI-AGING by Krulig is a superficial peeling with a quick effect: flash beautification and rejuvenation which allows the patient to renew the skin without leaving their usual activities and achieving rejuvenation of the skin in a short period of time. This peel renews the surface layers of the skin, reduces oiliness and decreases sebum production, dries acne lesions and renews skin cells. The formula is composed by a combination of lactic acid, salicylic acid, mandelic acid and Retinyl Palmitate.

AMELANIA<sup>®</sup> ANTI-AGING by Krulig acts as an antiaging agent, blocking free radicals. Contains idebenone among other assets that act as antioxidants, revitalizing and repairing the harmful effects caused by oxidative stress, improving microcirculation, micro blood flow of the skin, preventing the sun damage and maintaining skin moisture. Due to its composition inhibits tyrosinase and acts on the initial mechanism of melanogenesis decreasing the melanin pigment production activity, unifying the skin tone. It acts by beautifying the skin, adding luminosity and preventing skin pigmentation. Stimulates the production of new collagen producing a lifting effect.

## PROPERTIES AND ADVANTAGES

The combination of AMELANIA<sup>®</sup> ANTI-AGING by Krulig and STAR PEEL<sup>®</sup> ANTI-AGING by Krulig provides:

- A powerful rejuvenating action.
- It can be performed at all seasons of the year.
- Allows sunbathing using sun blocks.

- It is completely safe.
- Nourishes and moisturizes the skin.
- Regulates excessive sebaceous secretion.
- Suitable for all skin types and phototypes.

## PROTOCOL OF USE

### PROFESSIONAL USE

- 1 Clean the face with liquid soap and water. The use of LIQUID SOAP by Krulig<sup>®</sup> is recommended.
- 2 Degrease the skin using the solution PRE-PEEL by Krulig<sup>®</sup>, apply with a gauze.
- 3 Dry the skin.
- 4 Apply the solution STAR PEEL<sup>®</sup> ANTI-AGING by Krulig with a brush and leave on.
- 5 Apply the initial mask AMELANIA<sup>®</sup> R ANTI-AGING by Krulig. The application must be extended over the entire face: forehead, cheeks, upper lip, chin, nasal dorsum and periocular area. Leave the mask for 4-6 hours.

### DOMICILIARY USE

- 1 Remove the mask combination of AMELANIA<sup>®</sup> R ANTI-AGING by Krulig and STAR PEEL<sup>®</sup> ANTI-AGING by Krulig after 4 or 6 hours the mask has been applied at the doctor's office, washing the face with Liquid Soap by Krulig<sup>®</sup> and water.
- 2 Apply, without rubbing, a thin layer of the cream AMELANIA<sup>®</sup> M ANTI-AGING by Krulig, all over the face and leave on, all night long.
  - During the first 4 or 5 days apply AMELANIA<sup>®</sup> M ANTI-AGING by Krulig 2 times daily.
  - After the 5<sup>th</sup> day, start applying AMELANIA<sup>®</sup> M ANTI-AGING by Krulig once a day.

While using AMELANIA<sup>®</sup> M ANTI-AGING by Krulig it is recommended:

- In case of heat sensation and tightness in the face, apply K-ALM by Krulig<sup>®</sup> Refreshing Gel. Use K-ALM by Krulig<sup>®</sup> as many times as necessary, previously washing the face.
- AMELANIA<sup>®</sup> M ANTI-AGING by Krulig contains in its formula a solar filter, however the use of SPF 40 for direct sun exposure is recommended. Then AMELANIA<sup>®</sup> M ANTI-AGING by Krulig should be used by nighttime. Do not mix AMELANIA<sup>®</sup> M ANTI-AGING by Krulig with other creams or sun blocks at the same time.

### Makeup

Can be used loose powders. The use of liquid foundation is not recommended at the same time as AMELANIA<sup>®</sup> M ANTI-AGING by Krulig, in order to not reduce (dilute) the active ingredients concentration, thus to prevent the reduction of effectiveness.

## PRODUCT PRESENTATION

### PROFESSIONAL USE

#### PRE-PEEL by Krulig<sup>®</sup> 100ml

Degreasing solution that removes excessive oiliness from the skin in face and body. Recommended in the preparation of the skin before performing a procedure in Aesthetic medicine (peeling, laser, etc.)

#### STAR PEEL<sup>®</sup> ANTI-AGING by Krulig

Modern superficial peeling, which achieves a renewal of the skin with a beautifying flash effect, without producing noticeable signs of peeling, scaling or redness of the skin. Is presented in a box with 2 vials of 15cc each, which allows the doctor to perform approx. 15 applications (2cc per application).

#### AMELANIA<sup>®</sup> R ANTI-AGING by Krulig 15ml

Initial Mask, to be applied by the physician. Due to its composition this mask permeabilizes and prepares the skin to receive the cream AMELANIA<sup>®</sup> M ANTI-AGING by Krulig maximizing its effectiveness.

### DOMICILIARY USE

#### AMELANIA<sup>®</sup> M ANTI-AGING by Krulig 30ml

Cream for daily use. Reinforces and maintains the youth of the skin, improving its quality and beauty by renovating the superficial layers and showing antioxidant properties.

#### LIQUID SOAP by Krulig<sup>®</sup> 100ml

Is a non-irritating cosmetic soap, with a neutral pH. Contains no fragrance or colourants. Designed for daily use, clean the skin leaving it soft and free from impurities. Recommended for use before and after a procedure in Dermatology and Aesthetic Medicine.
